Legal responsibilities for waste

If you produce, carry, import, keep, treat or dispose of waste you have a legal 'duty of care' for that waste. This also applies if you carry or manage waste for other people. The purpose of this duty of care is to protect the environment and human health from the harm that might be posed by mismanagement of waste.

Anyone dealing with waste must abide by the code of practice which includes steps such as keeping it safe, completing the documentation needed for each transfer (the 'transfer note') and only passing it to businesses authorised to take it. The responsibilities are laid out in the code of practice available here:
https://www.gov.uk/government/publications/waste-duty-of-care-code-of-practice
